"I am pleased to announce the launch of *Mirai Port*," said Satoshi Nakanishi, Ph.D., Executive Officer, Director of Corporate Social Responsibility Management Department, Kyowa Hakko Kirin. "Through the contents of *Mirai Port*, we hope to provide an approach in delivering a sustainable society to have readers get closer to various SDGs cases, and raise people's awareness and understanding of our social issues for the future and to tackle them as well."

The Kyowa Hakko Kirin Group companies strive to contribute to the health and well-being of people around the world by creating new value through the pursuit of advances in life sciences and technologies.

#### About SDGs ( Sustainable Development Goals )

SDGs, cored in 17 goals in the 2030 Agenda for Sustainable Development, was adopted by the United Nations Summit and became effective from Jan.1, 2016. The 17 goals are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests.
